

# 5. Счетчик

- Формируем запрос так, что в response от сервера всего одна цифра
- Добавление константы
- Подсветка в сравнении с референсным значением
- Зависимый счётчик. (пока идея)  
Выбрать 2 других счетчика и использовать их значения  
Пример:  
«in» - «out» = «посетителей внутри»

The image shows a Redash interface with a 'Query' panel and two 'Visualize' panels. The 'Query' panel has a 'Select' dropdown with 'Event type' and a 'Filter' dropdown with 'Event type == detector'. The first 'Visualize' panel is configured with 'VisualizeType' set to 'Counter', 'Field / set' set to 'Event type', 'Value op' set to 'count', and 'Offset' set to '50000'. It has a 'Highlight if' section with 'Value' set to 'compare operation' and 'Reference' set to '100000'. The second 'Visualize' panel is also configured with 'VisualizeType' set to 'Counter', 'Field / set' set to 'Event type', 'Value op' set to 'count', and 'Offset' set to '0'. It has a 'Highlight if' section with 'Value' set to 'compare operation' and 'Reference' set to '100000'. Below the 'Visualize' panels are two 'Demo of counter widget' panels. The first demo panel shows the value '111345' in red text, with the subtitle 'sample showing total number of detector events'. The second demo panel shows the value '61345' in black text, with the subtitle 'sample showing total number of detector events'.

Query

Select  $\oplus$

Event type  $\otimes$

Filter  $\equiv$

Event type == detector  $\otimes$

Visualize

VisualizeType

Counter

Counter

Note: result must contain only 1 item. This can be achieved via filters.

Field / set

Event type

Value op

count

Offset

50000

Highlight if

Value

compare operation

Reference

100000

Demo of counter widget

111345

sample showing total number of detector events

Visualize

VisualizeType

Counter

Counter

Note: result must contain only 1 item. This can be achieved via filters.

Field / set

Event type

Value op

count

Offset

0

Highlight if

Value

compare operation

Reference

100000

Demo of counter widget

61345

sample showing total number of detector events

# 6. Статический виджет

- Markdown
- Можно располагать среди других виджетов где давать описание того, что отображается на дашборде, как что и зачем считается
- Можно с картинками

Visualize
